## Tutorial ADD PLAYER/SCREEN

# Learning how to add new players to your AVSignCloud account.

Let's get started.

\_\_\_\_\_

Rhea Perez AVSignCloud.com 905-907-0525

### 1. Download AVSignCloud App

AVSignCloud is compatible is numerous smart devices. Feel free to choose any Android or Amazon Fire device/TV as your player.

Your device may or may not have an App Store (eg. Google Play Store), therefore, the process of installing the application may vary.

#### 1.1 Download AVSignCloud on Amazon Fire Device

Go to the search options (Magnifying Glass).

Type 'AVSIGNCLOUD' and select your text.

Select this Application.

Click 'Download'.

After Clicking 'open', the app will run. You should see a 6-digit Device ID.

#### 1.2 Download AVSignCloud on Android TV (w/ Google Play Store)

Look for "Get more apps" or Google Play Store in your Android device.

Click on the search option (magnifying glass).

Q avsignclou													
SIGNCLOUD													
		2	3	4	5	6	7	8	9	0	×		
	q	w	е	r	t	у	u		o	р	@		
	а		d	f	g	h	j	k			&	SEARCH	
	z	×	с	v	b	n	m						
	=/#	⊉		_	_	_	_			4	Þ		

Search 'AVSIGNCLOUD' and select this option.]

Click 'Install'

After Clicking 'open', the app will run. You should see a 6-digit Device ID.

1.3 Download AVSignCloud on Avenview Signage Player (without Google Play Store using raw APK File)

Visit 'avsigncloud.avenview.com' and click Download.

1.3.1 Installing AVSignCloud on Avenview Media Player (MP-1080HDM, MP-1080HDMVL or MP-4KHDM)

Note: Copy the APK File in a USB Flash Drive.

Diuring playbark, hold here 105 to 507			During playmach: hold hør≑ f6s to £07

When Avenview Players are started, this window can be seen. If you don't see it, hold any corner of the screen for 10 seconds. Later, click 'Advanced'.

Now, click at the bottom-right 3 times.

This is the Android interface. Click the middle button 'White/six-dotted'

Click 'APKinstaller' app.

Click 'App Install'.

Select 'USB Disk' and then USB\_DISK2.

Your player will be connected to your account in seconds. Click 'refresh' and you will find your player online. Basic information about player IP address, MAC address, etc. will also be displayed.

Once the player is connected, the player screen should display the following message. Your player is now ready to run your playlists.
